

GOVERNMENT CONTRACTING SOLUTIONS

Winning government contracts isn't just about finding open opportunities. It's about surfacing the right opportunity.

NEWS & ANALYSIS

- > Stay informed with actionable federal market and contracting analysis
- > Attend monthly webinars and executive dinners with industry decision makers

MARKETS

- > Analyze spending in your market using a customizable pivot table
- > Determine relevant contract vehicles, and dig into their associated task/delivery orders and transactions

OPPORTUNITIES

- > Discover, track and assess relevant opportunities
- > Search keywords across all opportunity details, including attached documents and associated requirements
- > Track contracts and task orders by burn rate and end date

AGENCIES

- > Profile pages that give an overview of customer's spending trends
- > Searchable database of over 90,000 government contacts with the opportunities they manage

COMPANIES

- > Identify accurate and timely information about your partners and competitors
- > Map prime and subcontracting relationships between vendors

PROJECTS

- > Save, organize and share opportunities with your colleagues

The screenshot displays the 'OPPORTUNITY SEARCH' interface. On the left, there are search criteria filters including Keywords, Contracting Agency, NAICS Code, Classification Code, Set-Aside Type, and BGOV Markets. The main area shows 45,663 results. Two results are visible: 'Solicitation No. N4523617Q0009 OPEN N -- Creston Control System Equipment Modernization' and 'Solicitation No. DRUMDESAPO004 OPEN 75--Magnetic Customizable Erase-Boards'. Each result includes details like Contracting Office, Incumbent information, and Set-Aside type.

The screenshot shows the 'News Search' interface. At the top, there's a navigation bar with 'Home', 'News & Analysis', 'Markets', 'Opportunities', 'Agencies', 'Companies', and 'Projects'. Below the navigation bar, there's a search bar with the keyword 'cybersecurity' and a 'SEARCH' button. Below the search bar, there are options for 'Advanced Search', 'Save and Alert', 'Load Saved Search', and 'Add to News Clippings'. The main content area is a table of search results with columns for 'Headline', 'Date & Time', and 'Source'. The results include headlines like 'SANS to Unveil Major NetWars Update at Minneapolis Training Event' and 'ZD Nets (AU) Mysterious cat-and-mouse-themed Trojan RAT is potentially dangerous, but its creators and purpose remain unclear'.
